Education

B.Tech in Computer Science and Engineering
RKDF UNIVERSITY RANCHI
July 2020 - June 2024

12th (Senior Secondary)
NIOS
April 2019 - March 2020

10th (Secondary Education)
Imperial School of Learning
April 2017 - March 2018

Technical Skills

JavaScript   React   Git
Express.js   Node.js   HTML5
CSS3   Redux   Java
Chakra Ui   MongoDB
RESTful APIs

Soft Skills

Problem Solving

Effective Communication

Attention to Detail

Adaptability

Pankaj Kumar Mahato
Full Stack Web Developer

Professional Summary

Adaptable Full Stack Web Developer with proficiency in JavaScript, Node.js, Express.js, and React.js, showcasing problem-solving and effective communication skills. Expertise in integrating frontend and backend using MERN stack. Capable of employing Generative AI and rapidly learning new technologies to enhance applications.

Projects

Quiz Application   Live Demo Link   Github Repo Link

React   JavaScript   Git   Redux   Chakra UI
RESTful APIs   Responsive Web Design

- Developed an interactive quiz application utilizing React, enhancing user engagement through a dynamic interface.
- Implemented secure user authentication allowing users to register and log in, ensuring data privacy.
- Styled the application using Chakra UI to create a modern and responsive design.
- Managed state effectively using React Redux and Context API for seamless data flow and user experience.
- Utilized React Router for smooth navigation, improving the user interface and accessibility.

Groupon Clone (MERN)   Live Demo Link   Github Repo Link

JavaScript   Git   MongoDB   Express.js
Node.js   Chakra UI   Responsive Web Design

- Developed a full-stack web application using the MERN stack to replicate Groupon core functionalities.
- Implemented secure user authentication with bcrypt and JWT for sign-up and login processes.
- Created efficient server-side APIs using Express.js for handling user requests and MongoDB for data management.
- Designed responsive and interactive frontend components using React.js and Chakra UI for a seamless user experience.
- Built a product search and cart system enabling users to find deals and proceed to checkout efficiently.
